SUMMARY

A diligent, problem-solving and creative individual with a passion for web app development and programming. Skilled in **UI Design** to create modern web design using **Adobe Creative Suite**. Recently earned some certificates from the American platform Codecademy. Solid understanding of high-level product requirements, HTML standard semantics and responsive web design.

Proficient in **HTML**, **CSS**, **JavaScript**, **Python**, **GitHub**, **JQuery** and **Bootstrap** fundamentals, additionally working to deepen and gain new knowledge in new programming technologies. Seeking the opportunity to be onboarded by a company that values professional progression, process optimisation and inclusion to contribute existing and newly acquired skills. Demonstrably characterised as a goal-oriented and teamwork.
